Dr. George Hashim
The Council for Tobacco Research, USA, Inc.
900 Third Avenue
New york, NY 10022

Dear Dr. Hashim:

I understand that the council for Tobacco Research provides research funds for basic research.

I would like information about this program. Is there a pre-application proposal? Are there deadlines for submission? What types of research are supported?

Would the subject of my proposal be appropriate?

"Mechanism of transient inhibition of cytoskeletal protein synthesis with antisense oligonucleotides in astrocytes"

Thank you for your assistance in this matter.

Sincerely,

Lawrence F. Eng
